

Big Bang, Evolution and Aliens: The 3 Most Dangerous Lies Against The Bible

By David Hopkins

There are many lies against the word of God, so why are these three lies the most dangerous?

The first reason is, these lies directly contradict the truth of the Word of God to the point where, either the word of God is true and God is real or these lies are true and God doesn't exist.

The second reason is, these lies are being pushed so aggressively and passively, both directly and subliminally to societies throughout the whole world.

So it's only a matter of time before popular opinion is in favor of these views to the point of persecuting anyone who disagrees.

And last, these are the main three belief systems the devil needs in place

to bring in the antichrist or a ruthless supreme world ruler who has no regard for God or any other gods for that matter.

As a Christian it's important to know that everything in the Bible is absolutely true and anything that seems to contradict what the Bible says is false without a doubt.

Genesis 1:1 In the beginning God created the heaven and the earth.

It all starts with the big bang theory lie.

This is where the devil wants you to believe that all matter or physical things, including all forms of life started from an instant burst of energy, all by itself, out of nowhere, and for no apparent reason.

And this burst from no where somehow expanded into the vast universe we have today.

I was taught this nonsense in school many years ago and perceive that it has only gotten worse for the kids in school today.

There's some Christians who believe that God created everything like the big bang suggests, He just forgot to mention it in the Bible.

But if you read and meditate in the book of Genesis you'll see that God created the heavens and the earth all at the same time and then He created light and divided the firmaments.

And this all happened in the span of days as the Bible portrays and not throughout billions of years as the big bang theory proposes.

This lie is important for the devil because it makes people believe that the Bible doesn't tell the whole story and that it's not true or relevant to modern society.

It also makes it seem like the Bible is being disproved by discoveries in science.

Which of course is absolutely not true.

This theory is also a set up for the next lie: the theory of evolution.

This lie attacks the origin of mankind and our purpose here on earth.

It proposes that all life on earth evolved from a single cell amoeba millions of years ago.

And similar to the big bang theory, it suggests that chemicals accidentally touched each other to form all life on earth out of nowhere and for no apparent reason.

And the funniest part about this lie is they claim that we are directly descended from apes.

It's not even possible to believe this lie and still believe the Bible!

The Bible says God made man and every other animal after it's own kind respectively.

Genesis 1:27 So God created man in his own image, in the image of God created he him; male and female created he them.

Not through the course of millions of years.

I was taught this in school and I'm quite sure they're still teaching this to our kids in school today.

This helps the devil push out religion in the name of science which can easily be manipulated by more lies from the devil.

These two theoretical lies are just a big front for the ultimate theoretical deception of all time.

The theory of aliens from other worlds.

They say, "There must be aliens if all matter formed by accident if we

ourselves are just accidents of nature, then surely there must be other accidents in the form of aliens in this vast humongous universe with billions of stars and planets right"?

Wrong again.

The Bible makes no mention about aliens from other planets, but the Bible does speak about the sons of God or fallen angels who changed form in order to marry and have sex with the daughters of men.

But these fallen angels are spiritual beings with the power to change form and did not evolve into an alien species on other planets throughout millions of years.

This is a lie and a diabolical trick of the devil.

This lie is so important for the devil that his demonic spirits are pretending to be these aliens from other planets to help perpetrate this devastating lie against the word of God.

They're conditioning our minds through TV and movies to believe in aliens from other planets.

Our kids believe this stuff at earlier ages because we're all being programmed to believe it.

Even though they haven't proven any of it.

They lied and said if they found water on other planets, then they'll find the early stages of life and this turned out to be completely false.

Just like they lied and said we evolved from apelike creatures and was supposed to find a missing link to prove it.

So what are we left with?

A growing number of evolution believing scientists manipulating DNA and

creating things that were not meant to be created.

And combining man with machines in an attempt to live forever without the spirit.

And blowing trillions of dollars on space programs so they can try to escape earth and start a life somewhere else.

All of this being perpetrated behind the scenes by the devil who's only concern is to get mankind as far away from God as possible.

And what better way to do it than to make people believe they themselves are gods, and therefore don't have to answer to the only one and true God.

Genesis 3:5 For God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as gods, knowing good and evil.

It's all a modern day extension of the exact same trick he pulled on Adam and Eve in the garden of Eden.
